Boston, MA 02133

### Please Note

The Massachusetts State Library is the official depository for Massachusetts state publications. This bulletin provides a listing of those state publications received by the State Library for the quarter indicated. Newsletters and serials with a frequency greater than quarterly are not included in this listing. A separate list of these publications will be produced in 1985.

### DOCUMENT ACCESS

The State Library maintains a system of state document depository libraries in order to provide statewide access to state publications. The following libraries serve as document depositories: Boston Public Library, Worcester Public Library, Springfield City Library, and the University of Massachusetts/Amherst. Documents listed in this bulletin may be viewed at these libraries.

The State Library microfilms all of the material that appears in this bulletin. The number at the end of each entry is the film finding number. The State Library and each of the depository libraries hold microfilm subscriptions, as do many other libraries. For more information on this commercial microfilm subscription service, contact Research Publications, Inc., 12 Lunar Drive, Woodbridge, CT 06525 (203) 397-2600

Interlibrary loan is available for state publications. Contact the State Library or the nearest depository library for details.

### ORDERING INFORMATION

The State Library and state document depository libraries cannot provide readers with personal copies of state publications. Those individuals who require personal copies of documents **must** request them from the issuing agency. The full address of each agency is supplied here for this purpose.

Some publications are available through the State Bookstore. An effort has been made to indicate here when an item is only available from the Bookstore. Documents marked Public Document at the end of the entry are available free, while others are for sale. Regulations, subscriptions to the Massachusetts Register, and recently enacted laws are available from the Bookstore, 116 State House, Boston, MA 02133 (617) 727-2834.

STATE LIBRARY OF MASSACHUSETTS

MASSACHUSETTS STATE PUBLICATIONS

1986

Room 341, The State House  
Boston, MA 02133

## **Please Note**

The State library of Massachusetts is the official depository for Massachusetts state agency publications. This checklist provides a listing of those publications received at the library during the year indicated. Newsletters and serials with a frequency greater than quarterly are not included in this list.

### **Document Access**

The State Library maintains a system of state document depository libraries in order to provide statewide access to state agency publications. The following libraries serve as document depositories: The Boston Public Library, Springfield City Library, Worcester Public Library, and the Library at the Univeristy of Massachusetts at Amherst. Documents listed in this checklist may be viewed at these libraries as well as at the State Library.

Each document listed herein is microfilmed. The number at the end of each entry is the film access number. The State Library and each of the depository libraries hold microfilm subscriptions, as do many other libraries. For more information this commercial microfilm subscription service contact Research Publications, Inc., 12 Lunar Drive, Woodbridge, CT 06525. (202) 397-2600.

Interlibrary loan is available for state publications. Contact the State Library or the nearest depository library for details.

### **Document Ordering Information**

The State Library and the document depositories cannot provide readers with personal copies of state agency publications. Those persons who require personal copies of the documents listed here must contact the agencies directly. The full address of each agency is supplied here for this purpose.

Some publications are available through the State Bookstore. An effort has been made to indicate here when an item is available only from the bookstore. Documents marked Public Document are available at the bookstore for no charge. Regulations, subscriptions to the Massachusetts Register, and recently enacted laws are also available at the Bookstore. Contact them for mailing charges and availability. The State Bookstore, Room 116, The State House, Boston, MA 02133. (617) 727-2834.

Publications are listed here under the agency name as it appears in the State Library's card catalog. Each state publication is fully cataloged and entered into the OCLC database. For subject access to the agencies please consult the index.
